

H₂O[®]Out SPACE DRYERS

SD 303AH SERIES

SD 106 SERIES

H2Out™ SD SERIES

The H2Out™ SD (Space Dryers) for interior spaces prevent water contamination, eliminating rust, corrosion, oxidation and tarnish on electronics, tools, guns, equipment and protects from mildew, fungus, mold and odors.

APPLICATIONS TRAVEL TRAILERS

Protect RV's, tent campers, and pick-up campers during periods of use, non-use and storage. Capture moisture and prevent mold, mildew, odors and corrosion.

BOATS

Capture water vapor before it damages interiors. Guards against moisture in carpets, bedding, sails, linens and lockers. Keeps your boat dry during periods of use, non-use and seasonal storage.

HOME AND COMMERCIAL

Prevent moisture damage of property in the Attic, Basement, Bathroom, Kitchen, Refrigerators, Freezers, Safes and Gun Cabinets.

GARAGES

Protect tools and equipment from moisture damage, Tool boxes, Pickup truck tool boxes, Tackle boxes, etc.

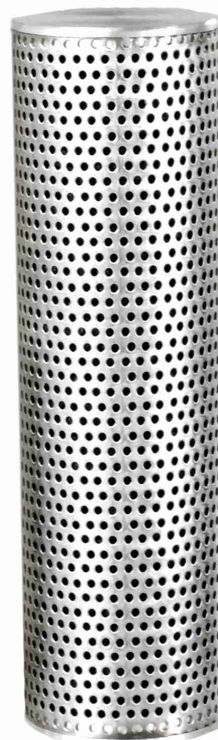

HOW TO USE H2Out™ SPACE DRYERS

Place the H2Out™ SD (Space Dryer) in the area to dry. Capture water vapor before it damages property.

H2Out™ SPACE DRYERS CAN BE REACTIVATED INDEFINITELY

Reactivate when the inside media turns from blue to pink. Simply place the H2Out™ SD element in an oven for one - two hours at 250° F (120°C). The pink will disappear and turn blue again. The unit is now ready for re-use.
